Afrobarometer Round 6 Summary of Results for Uganda, 2015

Afrobarometer is an African-led, non-partisan research network that conducts public attitude surveys on democracy, governance, economic conditions, and related issues in more than 30 countries in Africa. Five rounds of surveys were conducted between 1999 and 2013, and Round 6 surveys are being carried out in 2014-2015. Afrobarometer conducts face-to-face interviews in the language of the respondent's choice with nationally representative samples of between 1,200 and 2,400 respondents.

Afrobarometer is produced collaboratively by social scientists from across Africa. Coordination is provided by the Center for Democratic Development (CDD) in Ghana, the Institute for Justice and Reconciliation (IJR) in South Africa, the Institute for Development Studies (IDS) at the University of Nairobi in Kenya, and the Institute for Empirical Research in Political Economy (IREEP) in Benin. Michigan State University (MSU) and the University of Cape Town (UCT) provide technical support to the network.

The Afrobarometer National Partner in Uganda, Hatchile Consult Limited, interviewed a nationally representative, random, stratified probability sample of 2,400 adult Ugandans between 7 and 26 May 2015. A sample of this size yields results with a margin of error of +/-2 at a 95 confidence level. Previous surveys have been conducted in Uganda in 2000, 2002, 2005, 2008, and 2012. IDS, University Of Nairobi provided technical backstopping for the survey. Technical details of the survey, including descriptions of stratification and household selection, translation languages, and related information, can be found in the survey Technical Information Form that follows.

Below is an outline of the survey findings from all the questions posed to respondents. We also present the findings by some critical demographics such as place of residence (urban-rural), party identification, region or province and gender.

Core support for Afrobarometer Rounds 5 and 6 has been provided by the UK's Department for International Development (DFID), the Mo Ibrahim Foundation, the Swedish International Development Agency (SIDA), the United States Agency for International Development (USAID), and the World Bank.

Outcome rates:	Contact rate: 94.6 Cooperation rate: 90.6 Refusal rate: 0.5 Response rate: 85.7
EA Substitution Rate:	1.7
Notes:	N/A

Note: All figures in the following tables are percentages, rounded to whole numbers. Due to rounding, columns may not add up to exactly 100. Also note that a reported figure of “0” indicates that at least one response, but less than 0.5 of all responses, were in this category, whereas a dash (“-”) or blank cell indicates that there were no responses in this category. For Questions 1 through 100, weighted frequency distributions are reported.
