Afrobarometer is a pan-African, nonpartisan survey research network that has provided reliable data since 1999 on African experiences and evaluations of democracy, governance, and quality of life. National partners conduct face-to-face interviews in the language of the respondent’s choice with nationally representative samples. In the most recent survey in Cabo Verde, Afrosondagem interviewed 1,200 adult citizens between 8 and 22 December 2019. The sample yields country-level results with a margin of error of +/-3 percentage points at a 95% confidence level.

Key to ratings on Page 1
Colored circles (”stoplights”) generally illustrate changes between the Afrobarometer Round 6 survey in 2014 and Round 8 survey in 2019 in Cabo Verde. For climate action (SDG 13) and bribes for public services (SDG 16), comparisons are between Round 7 (2017) and Round 8 (2019).

- Performance worsened by >3 percentage points
- Change between -3 and +3 percentage points (not statistically significant)
- Performance improved by >3 percentage points
- Meeting this target
- Half-filled circles indicate that results are mixed when there is more than one indicator.

Survey questions
Over the past year, how often, if ever, have you or anyone in your family gone without:
- Enough food to eat?
- Enough clean water for home use?
- Medicines or medical treatment?
- Enough fuel to cook your food?
- A cash income?

What is your highest level of education?

How often do you use: A mobile phone? The Internet?

What is the main way that decisions are made about how to use any money that you have or earn, for example from a job, a business, selling things, or other activities?
What is your main source of water for household use?

For SDG 6

Do you have a toilet, water closet, or latrine available for your use?

• [If yes:] Is it inside your house, inside your compound, or outside your compound, or is there none available?

For SDG 6

Do you have an electric connection to your home from the [national power grid]?

• [If yes:] How often is electricity actually available from this connection?

For SDG 7

What is your main occupation?

For SDG 8

Are the following services present in the primary sampling unit/enumeration area:

• Electricity grid that most houses can access?
• Mobile phone service?

For SDG 9

Are the following facilities present in the primary sampling unit/enumeration area or in easy walking distance:

• School (private or public or both)?
• Health clinic (private or public or both)?

For SDG 9

Thinking of the journey here, what was the most common surface of the road over the last five kilometers before arriving at the start point of the primary sampling unit/enumeration area?

For SDG 9

How often, if ever, are [respondent’s ethnic group] treated unfairly by the government?

For SDG 10

Have you heard about climate change, or haven’t you had the chance to hear about this yet?

• [If yes:] Do you think climate change is making life in [this country] better or worse, or haven’t you heard enough to say?

For SDG 13

How much do you trust each of the following, or haven’t you heard enough about them to say?

For SDG 16

How many of the following people do you think are involved in corruption, or haven’t you heard enough about them to say?

For SDG 16

And how often, if ever, did you have to pay a bribe, give a gift, or do a favour for [an official in order to obtain the needed services]?

For SDG 16
